

## **Admission Brochure for Overseas Student**

### **I. Beijing University of Posts and Telecommunications(BUPT)**

**BUPT** is a university directly under the Ministry of Education which is established with joint efforts by the Ministry of Industry and information Technology. BUPT is one of the first key universities of "project 211", and one of the key universities of "Project 985 Innovation Platform for Outstanding Disciplines". It is a university featuring information technology with engineering subjects playing the dominant role, while engineering, management, arts and science are coordinately developed. BUPT is an important training base for China's information technology professionals. The Information and Telecommunication Engineering subject in BUPT ranks in the 1st place in China in terms of the comprehensive academic strength.

There are currently thirteen academic units in BUPT: School of Information and Communication Engineering, School of Electronic Engineering, School of Computer Science, School of Automation, School of Software Engineering, School of Economics and Management, School of Humanities, School of Science, International School, School of Continuing Education and so on. (In key discipline development, there are national key disciplines: 2 first level subject (electronic science and technology, and information and communication engineering), 7 Beijing key disciplines and 8 ministry level key disciplines. Since 2007 the school has launched characteristic specially construction work and received approval of 9 national characteristic professional. Besides, there are 4 national key laboratory (including 2 national engineering laboratories), the ministry of education (2 "111 innovation engineering base"). 9 key laboratories at all kinds of ministry levels. And BUPT has 9 academicians, more than 650 professors and deputy professors. Our university has maintained 100% graduate student employment rate for many years in a row, with undergraduates maintaining a rate of over 99%.

The school offers 36 undergraduate majors, 42 master's programs, five types of professional degrees, 15 doctoral professional education curriculum, and established five disciplines postdoctoral research station. Including international students and all degrees, BUPT has a total of roughly 22,000 full-time students. Officially registered part-time students total roughly 30,000.

**BUPT** is attaching great importance to the international cooperation and exchanges, and it has established the academic partnerships with 40 plus countries such as, America, UK, Germany, Sweden, France as well as 70 plus universities in Hong Kong, Macau and Tai Wan. Also, BUPT has tied with many world-renowned corporations in the field of telecommunications, which has fostered a better atmosphere for the students' modern and international vision.

### **II. Length of Study**

Undergraduates at Beijing University of Posts and Telecommunications study for four years, graduate students study for two to four years, and visiting students and research scholars generally stay for half a year or one year.

One academic year includes a spring semester and autumn semester. The autumn semester begins the new academic year, generally from September until January of the following year. The spring semester is usually from February to July. There are two long holidays every academic year, summer holiday and winter holiday. The summer holiday is usually during July and August and lasts about 5 weeks, and the school will arrange summer holiday courses. The winter holiday lasts for 4 weeks and is during January and February. It usually covers the Chinese Lunar Spring Festival.

#### *Chinese Programs*

##### Undergraduate Programs (for Bachelor Degree)

Index	School	Major
1	School Of Information And Communication Engineering	Electronic Information Engineering
		Communication Engineering
		Information Engineering
2	School of Electronic Engineering	Electronic Science and Technology
		Electronic Information Science and Technology
3	Electronic Information Science and Technology	Optical Information Science and Technology
4	School Of Computer Science	Computer Science and Technology
		Network Engineering
		Intelligent Science
5	Automation School	Mechanical Engineering and Automation
		Detection Technology and Instrument
		Automation
		Logistics Engineering
6	School Of Science	Mathematics and Applied Mathematics
		Information and Computing Science
		Applied Physics
7	School Of Software Engineering	Software Engineering

8	<b>International School</b>	Telecommunications Engineering with Management
		E-Commerce Engineering with Law
		Internet of Things
9	<b>School Of Economics and Management</b>	Economics
		International Economics and Trade
		Engineering Management
		Information Management and Information System
		Business Administration
		Marketing
		Accounting
10	<b>School Of Humanities</b>	E-commerce
		Laws
		English Language and Literature
11	<b>School Of Digital Media Design</b>	Japanese Language and Literature
		Digital Media Art
		Digital Media Technology
12	<b>School of Public Administration</b>	Industrial Design
		Public Administration

### **Master' s Degree and General Scholar Study Programs**

<b>Index</b>	<b>School</b>	<b>Major</b>
1	<b>School Of Information And Communication Engineering</b>	Communication and Information System
2	<b>School of Electronic Engineering</b>	Electronic Science and Technology
3	<b>Automation School</b>	Mechanical Electronic Engineering
		Control Engineering
4	<b>School Of Economics and Management</b>	Management Science and Engineering
		Business Administration
		Applied Economics( International Trade Production Economics)

5	School Of Computer Science	Computer Science and Technology
6	School Of Science	Applied Mathematics
		Theoretical Physics
7	School of Electronic Engineering	Biomedical Engineering
8	School Of Software Engineering	Software Engineering
9	School Of Digital Media Design	Designing Art
10	School Of Network Education College	Educational Technology
11	School Of Humanities	Laws
		Foreign Language and Applied Linguistics
12	School Of Digital Media Design	Journalism and Communication
13	School Of Public Administration	Public Administration

### Doctoral Degree and Senior Scholar Study Programs

Index	School	Major
1	School Of Information And Communication Engineering	Communication and Information System
2	School of Electronic Engineering	Electronic Science and Technology
		Optical Engineering
3	School Of Computer Science and Technology	Computer Science and Technology
4	School Of Economics and Management	Management Science and Engineering
5	Automation School	Mechanical Electronics Engineering

4	School Of Economics and Management	Management Science and Engineering
5	School Of Software Engineering	Software Engineering

**IV. Fees**

**1、 The application fee: 500Yuan/RMB.**

**Payment is accepted by cash, mail transferring and bank draft.**

**2、 Tuition**

Category	Tuition(RMB Yuan)	Start Time
Chinese-taught Undergraduate Programs	24600/year	September
Master's Programs (Arts)	30000/year	
Master's Programs (Science and Engineering)	32800/year	
Doctoral Programs	41000/year	
General Advanced Studies	28700/year	
Senior Advanced Studies	36900/year	

Visiting Scholar Programs	3690/month	
Chinese Language Training Programs	16400/year	Admitted at all times.
English-taught Undergraduate Programs	70000/year	BUPT Cooperation with UK

### 3. Accommodation and Living Facilities

There are two dormitories for the International Students:

	Single bedroom	Twin room
No.1 International Dorm	84RMB Yuan(about 10US dollars) /room *day(more than 3 months)	42RMB Yuan(about 5US dollars) /bed* day (more than 3 months)
	100RMB Yuan(about 12US dollars) /room* day(less than 3 months)	50RMB Yuan(about 6US dollars) /bed* day (less than 3 months)
No.2 International Dorm	90RMB Yuan(about 11US dollars) /room* day	45RMB Yuan(about 5.5US dollars) /bed* day

**Ps. 24hours hot water, public kitchen and WiFi is available in the dorm.**

### 4. Insurance

Overseas students are required to have insurance to cover the full duration of study. The solo insurance plan for the foreign students in China is recommended by the Ministry of Education of the People's Republic of China.

Types of the insurance	Insurance Payment RMB Yuan	Age:18—45	
		Insurance Premium	Insurance Premium
Group safety insurance	100000		

Group additional accidental injury medical treatment insurance	10000	300Yuan/half-of year	600Yuan/one year
Group hospitalization medical insurance	60000		
Group major medical expenses insurance	60000—400000		

## V. Entrance Requirements

1. The teaching language for undergraduates is Chinese except for the English-taught program. The applicants must obtain Minimum level of HSK 4 for enrolling in the Chinese-taught programs.
2. The teaching language for master students is Chinese except for the English-taught program. The Chinese language proficiency of applicants must HSK level 4 or above. Each applicant must provide at least two recommendation letters with references' professional title above associate professor.
3. The teaching languages for doctoral students are Chinese and English. The communication ability of applicant must be equal to or exceed HSK Level 4 if enrolling in the Chinese program. And the applicant must be provided with at least two recommendations of experts whose professional title is above professor.

Additional explanation: Applicants who do not meet the above requirement for the HSK may be considered on an individual basis. They may first be admitted as non-degree seeking students for one academic year to study Chinese. Those who pass the examination held one year later will be automatically accepted as regular students.

## VI. Application Materials

The following documents are needed for all applicants:

1. The completed BUPT Admission Application Form for Overseas Students;
2. Applicants' certificate of the highest completed academic level, diploma of the highest completed academic institution and high school/college transcripts (photocopies or notary English translations);

3. Two recommendation letters from two different study courses/field;
4. The completed health Examination Record for Foreigners;
5. Proof of minimum HSK level 4 or BUPT Chinese Training Center diploma for those entering programs taught in Chinese.
6. Copy of passport
7. CSC Register Form

## VII. Application Procedure

1. Get ready all the required documents and complete the application process on BUPT website (<http://studyinchina.bupt.edu.cn/>) OR send electronic and/or scanned versions of all documents to [admissions@bupt.edu.cn](mailto:admissions@bupt.edu.cn) .[tiantian@bupt.edu.cn](mailto:tiantian@bupt.edu.cn). (The original documents must be presented on the applicants' arrival) OR mail all the documents to us (Mailing address: Postbox 211, International Office, Beijing University of Posts and Telecommunications, 10# Xitucheng Road, Haidian District, Beijing, P.R.China, Postcode:100876).

2. All application materials will be evaluated by the university. Once the application for admission is endorsed, BUPT will grant the BUPT Admission Notice and the Application Form for Students from Overseas (JW 202 Form for short) and mail the two documents to the successful applicant;

3. The applicant goes in person to Chinese Embassy in his own country to apply for a (X) visa to study in China with the following materials: JW 202 Form, BUPT Admission Notice, Physical Examination Record for Foreigners;

4. After going through the above application procedures, the applicant shall enroll in BUPT within the time notified in the BUPT Admission Notice.

Note: The application period is from February 15 to April 10th at each year.

## VIII. Brief introduction of the International Chinese Training Center

The International Chinese Training Center of BUPT was established in 1986. It is an important view window of BUPT to communicate with the outside world as well as the only Chinese-teaching organization of our university, belonging to the School of Humanities in BUPT.

Over the past 27 years, the International Chinese Training Center has trained students from more than 40 countries all over five continents, such as, US, Canada, Cuba, Japan, South Korea, Thailand, Vietnam, Mongolia, Pakistan, India, Iran, UK, French, Germany, Austria, Holland, Swiss, Denmark, Finland, Italy, Russia, Kazakhstan, Saudi Arabia, Congo, Congo (Kinshasa) and so on. It has also trained large amounts of qualified and excellent language learners before their enrollments to undergraduate and graduate studies in BUPT as well as other universities in Beijing. At the same time, the International Chinese Training Center of BUPT has trained many brilliant employees for companies both at home and abroad, working in various areas such as China Telecommunications, trade, cultural communications and education.

Rich teaching experience has been gained through many years of teaching practice. We have a professional teaching team with high educational backgrounds. We attach great importance to the quality of our teachers and at the same time, we establish long-term relationships with many prestigious universities. Now, we launch the study-abroad service in our center.

At present, International Chinese Training Center has played a role as the base of Confucius Institutes (which jointly established by BUPT), been obligated to not only providing teaching technical support and cultivating versatile students, but also storing and delivering personnel qualified for teaching Chinese as a foreign language.

We are looking forward to every student's discovery of the beauty of Chinese culture, the glory of Chinese history, the charm of Beijing through our delicate arrangements, high-quality teaching and considerate services.

## **IX. Contact Information**

### **Overseas Student Affairs Office**

**Mailing Address:** International Office, Beijing University of Posts and Telecommunications,  
Xitucheng Road 10, Haidian District, Beijing, PRC

**Office Address:** Room 327, No.1 Teaching Building (Main Campus)

**Postcode:** 100876

**Tel:** (86-10) 62281949 (International Office)
